

HEIDI

Club Esteem

Sometimes, it only takes one safe place to feel seen.

Heidi came to Club Esteem carrying the weight of instability, homelessness, and a deep sense of being invisible. Low self-worth made it hard for her to imagine any future at all, let alone one filled with possibility. But the moment she walked into

Club Esteem, Heidi was met with kindness, structure, and people who believed in her. Through self-esteem and life-skills programs, Heidi found her voice and her strength. The Teens as Tutors program gave her a way to earn money for essentials, further restoring her confidence. Now a high school graduate with a 3.1 GPA, Heidi has earned two scholarships and Level 5 Florida Ready to Work certifications in soft skills, digital skills, and data. Her transformation is a powerful reminder of what happens when young people are given a space to grow and people who walk beside them.

United is the way we empower youth to overcome barriers.
